

Regulation National Specialty "POOL 8-15" (Narrow Holes)

THE PURPOSE OF THE GAME:

This skill is played with 15 numbered balls, from no. 1 to no. 15 and a white biliar (ball). A player must post one of two series of balls defined full or low (from no. 2 to no. 8) and scratched or high (No. 9 to 15) and for the last n°1 (neutral biliar). The main feature of this game is that you must post the biliar n°8 and n°15 exclusively in central holes.

The instruments of the game:

you play on billiards by the following characteristics:

measure the field game: 280 cm x 140. (billiards from competition) measurement field game: cm. 270 x 135 (standard billiards) Shores tamburate cm 6 about hole 6 wide 7 cm approximately.

The balls 16 from a diameter of mm 57.

ART. 1-positioning of the balls on the triangle:

is used a triangle normally of plastic material adapted to contain the ball 15, where the no. 1 is placed at the summit and then laterally in an alternating way, the balls full and scored. The No. 8 and No. 15 must be made, starting from the top, at the center of the fourth row

ART. 2-position of the triangle:

the ball at the summit (n° 1) must be placed on the middle point of the bottom line. All the other balls are to be situated behind toward the short side nearest, touching the one with the other

ART. 3-Start Meeting:

Before you start the meeting players can try the billiard for a maximum time of 3 minutes each.

ART. 4-strokes on the cue ball (white) :

a shot regulate foresees that the cue ball is hit only and exclusively with the tip of the slat, otherwise it will be foul.

ART 5-position to a shot :

There are no restrictions in the position of the body of a player on the dynamics of any shot during the game, (provided it has at least one foot that touches the ground) nor distances to be respected

ART. 6-game rounds :

a player that pits validly its own biliar will continue to play even if in the same phase should enter the balls not sue, (it does not matter whether before or after) When a player not validly pits a ball, terminates his game turn that passes to the opponent.

ART. 7-Acquisition to the right of the shot of opening (split) :

is used this procedure to determine who awaits the shot of opening in the first game. The second lot the split will wait to 2° player and then back to 1 player and so forth. With the ball in hand behind the head line, a player to the right and one to the left with respect to the midpoint must pull, simultaneously, each have their own biliar toward short side of the bottom and returning the ball toward the head line. The player whose biliar is closest to the side of the head wins the right to open the game.

A player fouls and then loses the right to the opening if: (a) the ball goes to finish in half of the billiard table is assigned to the opponent.

B) The ball does not touch the bank short of the bottom. C) The ball ends in the pit.

D) The bilia jumps out from the table.

E) the ball touches the shoulder long.

F) the ball touches the short side of the fund more than once.

If both players violate any of these rules or the arbitrator is not able to determine which of the two balls is closest to the shore, the shot will be repeated.

ART. 8-split (Start Game) :

After you have placed the balls in the arrangement in a triangle, raises the cue ball on any point of the line of sight (long 20 cm.).In shooting of opening the game begins when the cue ball is hit by the tip of the slat. So that the split is considered valid the player must strike the No. 1 with a direct hit and at least three balls must touch the shore,(excluding leaf)or enters into the hole a bilia .otherwise entitled to shooting passes to the opponent that must rispaccare. After the split, even if it is not posted no bilia, the player (if not committing fouls) has the right to 2° shot (which is considered a normal shooting of a round of the game).

ART. 9 - Assignment of series :

A) if split to come into the pit one or more balls of the same series, the same is assigned to the player who has executed the shot.

B) If in split enter balls of different series the player flying has the right to choose the series with which to play, retains the right to shooting if he has committed no foul, and the balls of the opponent remain valid.

C) If the split enter only the balls forced, these will not bring about the series, will be riacchitate and you will retain the right to 2° shot.

D) If the split the player pits a ball of series and then the balls forced in the central hole, the latter shall be considered valid.

E) from the second shot the assignment of the series will be determined by the first ball that enters into the pit. If the same shot come balls of different series , the first determines the series .

ART.10-balls forced (n°8 and n°15) :

The balls 8 and 15 are the special features of this game: (

A) must be compulsorily Posted in central holes

(B) If the n°15 has been posted in the central hole of the right, the no. 8 must be posted in the central hole of the left.

C) are considered valid only if posted after the assignment of the series. This situation can occur in the same shot with the bilia obliged that enters in the central hole after that came into hole in the ball that has determined the series.

D) If a player in the same shot, pits validly its own bilia and also a bilia obliged, but on a pit invalid,bilia obliged riacchetata will and in any case the player will not lose the shot.

E) when must be riacchitate, the balls forced must be positioned in the middle of the short side of the bottom. If this were occupied by the other bilia obliged the latter is positioned in the same place but in the short side of the head (the distance that goes from the point of sight to the side wall is of 10 cm), while if it is bilia of series, this is located on the apex of the triangle.

ART. 11-Bilia no. 1 :

A) only in the phase of split you must strike the n°1,then becomes neutral and the player that directly affects fouls.

B) If you posted before that at least one of the two players has finished its series, will be riacchitata and does not result in the loss of the shot

(C). When a player has finished its series ,must declare the first shot and with confirmation of the opponent, in which pit intends to realize the bilia no. 1. This happens even if the opponent has not yet completed its series. No need to declare when it is very clear

in which hole is intended to produce the bilia no. 1. These rules are obviously also extended to the opponent when will finish his series.

D) a player who in his turn on a valid shooting goes to post the No. 1, LAST bilia opponent, lose the game.

E) The player that pits his last bilia number remained in the game and with the same shot even the No. 1, declaring in advance the intention and the pit, will win the match .If the no. 1 should not enter, you will lose the shot.

F) in the case in which a player by pulling the bilia no. 1, pit in the same phase of the game even the last ball of the opponent the victory awaits the player himself who has carried out the shot.

G) in case a player ,after his series, having to pull on No. 1 and this is covered by the balls of the adversary , you will go to the penalty (see art. 16).
